Projects & Improvements @ Camp

Hello everyone, with 2016 now over we have already started planning for exciting new things for 2017. This year's list of projects is by far the most aggressive that we have ever had. Get excited for 2017's improvements of camp!

NEW FOR 2017

NEW UNDERPASS

UNDERPASS UNDER ROUTE 715

We are putting in an underpass that is going to go under route 715 that will connect both sides of our property. Our campers will be going under the road! We have hired a top engineering firm in Pennsylvania to make this hopefully happen by June 1st. They are the best at what they do so we feel confident that they will have this done by next summer. This is going to open up so much more area for us to expand and improve on the lake side of our property.

REMODELED DINING HALL WITH CENTRAL AIR CONDITIONING

We will be redoing the floors along with some improvements to the bathrooms. And of course, the entire building will be getting NEW CENTRAL AIR!!! We want our campers to eat in as much comfort as possible and the old air conditioning units just couldn't keep it as cool as we wanted.

DINING HALL

Then. Now. Always!

Dear kids, parents & family,

Bring on Halloween (past), Thanksgiving (very soon), Hanukah/Christmas/New Years (kind of soon), and let each of those holidays be joyful and loving to all of us. Let us be thankful

for all we have. Let us enjoy the fun and the traditions of these wonderful holidays and let us be kind, caring, and loving to all those close to us and everyone else we “meet up with” during our

day(s). Let us share laughter and good will to all. Let us be positive not negative, let us be grateful and humble in all we do and let us altogether make the next 6 weeks the best 6 weeks of our lives. Then let us turn into the new year 2017 and focus on the upcoming camp season, when we are all back together at our beautiful summer home in Henryville, PA. Camp... Then.Now.Always!!! And coming soon!!

A LETTER FROM

ODIE, MONICA & AUSTIN

Another summer has come and gone and we are already approaching the holiday season. Time just seems to go by so quick. Usually this time of year we reflect on the previous summer.

This year is no different but we can't help but get so excited for summer 2017. With all of the major improvements on camp we have literally been counting down the days already! All of the projects are on schedule and you can read about them in the upcoming article.

We know that camp brings friends together on a deeper level than anywhere else in the world. We know that campers travel all over the country, or perhaps to the neighboring town, to spend time together and share all of those wonderful camp memories. Why not share them with us. If you guys have camp get together send us a

photo and let us know what is happening. We will be posting them in our newsletters and fan pages.

We travel far and wide to find the best campers and staff. This year Monica and I are going to be going to Paris for 5 nights and Milan for a night to go and visit with some new potential families for 2017. Yes, we know, the job is tough but somebody has to do it! We are going to be taking a few extra days and go down to Rome and check out the sites, so it won't be all work. We are also sending Kat back to Australia to recruit new staff. We feel that we have the greatest counselors in the industry and will stop at no end to keep that up. The best part is so many of our amazing returning staff will show up to support us and grab all the great candidates.

Stay warm, think camp, and we will see all of you soon!

Then Now Always,

Odie, Monica, and Austin

P.S. Austin says “Hi Everyone”

Moments from 2016

...CONTINUED FROM COVER

REC HALL

REMODELED REC HALL WITH CENTRAL AIR CONDITIONING AND A HUGE DECK

CENTRAL AIR FOR THE WHOLE BUILDING!!! We are also going to be adding a huge deck onto the back of the rec hall (overlooking the upper tennis courts). It will be the entire length of the building and is going to provide quite a view!

COMPLETELY REMODELED ARTS & CRAFT CENTER WITH CENTRAL AIR CONDITIONING

We are planning on doing a complete remodel of the entire building. There are going to be new bathrooms, walls, floors, ceilings, windows, electrical, new activity areas and.....THE WHOLE BUILDING WILL HAVE NEW CENTRAL AIR!!!!

ARTS & CRAFT CENTER

G17, G18, G19, B14 (ALL LT BUNKS)

REMODEL G17, G18, G19, B14 WITH CENTRAL AIR CONDITIONING (ALL LT BUNKS)

We have also decided that we are going to be adding central air to all of the LT bunks and G17!!! This is going to include G17, G18, G19, B14 and all non bunk rooms in the hotel.

Just another reason for our oldest campers to come back for their last two years as LT's!

HEALTH CENTER

COMPLETELY REMODELED HEALTH CENTER WITH CENTRAL AIR CONDITIONING

A complete remodel!! This includes new hardwood floors, new walls and ceilings, new electrical, new bathrooms and much more! We also know that when campers are sick or hurt that nothing feels better than some nice cool air. So we have decided that we will be ADDING NEW CENTRAL AIR to the entire building!!!

COMPLETELY REMODELED MEDIA CENTER WITH CENTRAL AIR CONDITIONING

Last year we replaced all of the computers with brand new Macs. Well they just looked too good so therefore we have decided to remodel the entire building. Complete with new hardwood floors, new work stations, new walls and ceilings, remodeled bathroom, and yes you guessed it, CENTRAL AIR!!

MEDIA CENTER

STONE LODGE

COMPLETELY REMODELED STONE LODGE WITH CENTRAL AIR CONDITIONING

We are going to be tearing out the old ceiling and floors and putting in new lighting, ceilings and hardwood floors along with redoing both bathrooms. This is going to give the stone lodge a great new look but keep its charm. Of course, it will also be getting NEW CENTRAL AIR!

As you can tell we are going to be doing a ton this year to make Lindenmere the greatest camp on earth. We can't wait for next year to see everyone's smiling faces. Camp can't come fast enough!

With Love,

Mitch, Odie, Monica, Dara, Kat and Elliott

Then. Now. Always!

We wanted to announce that we have completely resurfaced the upper field by fitness. In an effort to make this one of the nicest fields on camp we brought in new top soil and seeded it right after camp ended. It has been leveled and come spring will be ready to go. This field is going to be bigger than a regulation football field and be able to house multiple games and fitness at the same time!
